

NavCoin | For Business

Is your business ‘future ready?’ More and more people are looking for ways to pay using their digital currency. If you want to stay ahead of the trend, now's the time to start accepting it at your store and online. NavCoin has the right payment solution for your business.

Why NavCoin is good for business

Find the right solution for your business

Fast payment

Transactions show up in as little as five seconds, and confirmed in thirty seconds.

Secure

Payment records permanently stored on a decentralized network, with 24/7 access.

Simple

Payment is easy as scanning a QR code. Funds automatically transfer to your NavCoin wallet.

Low fees

Navcoin is one of world's cheapest payment networks in the world, with fees typically under one percent.

Eco-friendly

Join a payment network that consumes only a fraction of the energy of other networks.

Flexibility

A range of payment options to suit your business requirements, with even more in development.

For your online business

CoinPayments is a little like PayPal, but for digital currencies. Plug-ins include a shopping cart, payment button, invoicing, and point-of-sale interface. If your business is in the EuroZone or USA, you can withdraw funds in EURO or USD. For more information visit www.coinpayments.net.
